**Humane Society Silicon Valley (HSSV) Vying for Finalist Spot in the
2019 Innovation Showdown**

*HSSV's Innovative Lifesaving Idea Needs Public's Support to Earn Chance to Pitch to Nation's Top
Animal Welfare Organizations for \$450,000 in Funding*

Milpitas, CA (March, 2019) – [Humane Society Silicon Valley] has been selected as a wildcard contender in the Petco Foundation's 2019 [Innovation Showdown](#) and is asking for the public's support to have the chance to be the third contestant competing for \$450,000 in lifesaving funds. As one of seven organizations with an idea in the wildcard voting round, Humane Society Silicon Valley is encouraging its supporters to go to petcofoundation.org/showdown to vote for their innovative animal welfare idea from March 4-16. The organization with the most votes will win a spot to pitch their idea live on stage to the innovation investors at this year's [Humane Society of the United States Animal Care Expo](#).

HSSV is proposing a new mobile application, **Foster Faster**, to expedite placement of animals into foster homes, freeing up precious shelter space and providing critical care for those with special needs. Shelters can easily share pictures and info about arriving animals to all their foster volunteers, expanding the organization's space capacity. Fosters can see animals who need fostering on their mobile devices, "swipe-right" to choose them, and schedule a pick up time. This technology solution will allow the organization to save up to 30% more lives! And it's not just for HSSV, it can be used by other shelters and rescues around the country to increase everyone's lifesaving capacity.

"In the business of saving animal lives, innovation is critical," said Petco Foundation President Susanne Kogut. "We are thrilled to partner with the Innovation Investors from the nation's top animal welfare organizations to be the catalyst for change and reward organizations for their lifesaving innovation."

Innovation Showdown is a collaborative project bringing the nation's top animal welfare organizations together to invest in lifesaving innovation. Modeled after Shark Tank, participants seeking funding to save animal lives will present their best lifesaving animal welfare ideas on stage to the Innovation Investors (which include leaders from the [Annenberg Foundation](#), [ASPCA](#), [Best Friends Animal Society](#), [The Jackson Galaxy Project](#), [Maddie's Fund](#)[®], Mary Jo & Hank Greenberg Animal Welfare Foundation, [Michelson Found Animals Foundation](#), [the Petco Foundation](#) and [the WaterShed Animal Fund](#)).

Each presentation will consist of a video, brief pitch and a Q&A from the investors. The Innovation Investors will then collectively agree on the amount of investment to grant each of the three organizations pitching their ideas live on stage. From the hundreds of idea submissions across the

country, two finalists and seven wildcard contenders were selected. HSSV is vying for the third finalist spot. The Innovation Showdown aspires to encourage ideas that will change the landscape of animal welfare.
